Past President's Trip

The bridge photo in the masthead of this issue is the famous "Harp" bridge in Dublin, Ireland provided by Norm and Judy Parrish who recently returned from their month-long trip to London, Scotland and Ireland.

They spent four days in London then took a train to Edinburgh, Scotland for eight days of Countryside and Highlands travel. From there they flew to Ireland and spent fourteen days touring the coastal towns and cliffs.

A highlight was a visit to the famous "Temple Bar" in Dublin.

At the EPIC Museum in Dublin they had a session with a heritage genealogist to help discover their ancestry.

President's Report

Thanks to the residents who responded to the spring property inspection letters. Many painting, repair, and landscape issues have been resolved.

Our annual HOA meeting will be on October 11, 2022 at the Country Club at Muirkirk Village. Please plan to attend. More information will be forthcoming. You will get a formal notice. No trustee terms are ending this year so there will not be any elections.

Several homes have sold in the last year. Many thanks to Pam Webb for continuing as our Welcome Ambassador.

Many Design Change requests have been approved and submitted to Muirkirk Association for final approval.

(**Reminder**: ALL exterior changes need prior approval from Weybridge HOA **and** Muirkirk Association.)

Please remember when we purchased our homes in Weybridge we are legally bound by the HOA *Rules & Regulations*. The most common complaint we receive is **cars parked long-term in driveways**.

Cars must be kept within your garage and not parked in your driveway. Using part of your garage for storage of building materials or golf carts is not a sufficient reason to leave your car in your driveway. We appreciate your cooperation.

I hope everyone enjoys our glorious fall weather and we hope to see as many owners as possible at the *Annual Meeting* October 11.

Landscape Report

Happy end of summer and beginning of a lovely fall.

Landscaping in Weybridge this year has been challenging.

The first few months of the year our Landscape contractor was short-staffed and the service was below our expectations.

The last few months Brightview was finally able to hire their regular seasonal employees and services improved considerably. While there were still occasional issues, services are currently meeting our expectations.

Touch up pruning of shrubs and small trees (under 15 feet) and the application of a combination fertilizer has been completed. Aeration is being scheduled later in September and we have requested a minimum of one week notice.

Those that have sprinkler systems, invisible fences and other underground wiring need to make sure these are marked to avoid damage.

In October and November Brightview will be doing our fall clean up and the application of a dormant fertilizer to help with the spring growth.

We will continue to do our best to give you as much notice as possible.

Resident Get-Togethers
